

ADOPT-A-PARK PROGRAM

The goal of the Adopt-A-Park-Program is to provide an opportunity for interested parties to take part in maintaining our park system. By providing this opportunity it not only encourages and promotes community involvement but also allows us to beautify and improve our parks. All Adopt-A-Park projects should aim towards benefiting the majority of park users.

TIME COMMITMENT

1. By adopting a park the volunteer(s) can cleanup as frequently as they choose, but we require a minimum of once a month dedication in maintaining the designated park.
2. Each year the adoption commitment period begins April 1 and concludes October 31. However, we will continue to take Adopt-A-Park applications throughout the year.
3. It is each Adopt-A-Park contact person's responsibility to organize monthly cleanups and to inform Parks & Recreation (P&R) staff.

GUIDELINES

1. All activities done in the park should benefit the majority of park users and should be done only during daylight to ensure the safety of volunteers.
2. The volunteer(s) or volunteer group must notify the P&R Dept. of any vandalism or potential safety hazards.
3. Volunteers must notify the P&R Dept. before undertaking any special projects that may include: the construction of, or rehabilitation of any proposed or existing park property or structures thereon.
4. Volunteers may not modify or add to the existing landscape or site design plan without the consent of the P&R Dept.
5. Volunteers must abide by all state and local laws, rules and regulations, all written and verbal guidelines, directions and instructions of the P&R staff.
6. The City of Dawson may contact volunteers for special projects.
7. The P&R Dept. does not provide supplies for park outings.
8. Volunteers may adopt an entire park or portion of a trail.
9. The P&R Dept. will provide a recognition sign to the volunteer(s) or volunteer group after a 60 day probationary period.
